Course: A Study of Covenants: Finding God's Heart in the Revelation of Rest

Instructor: Greg Haswell

Course Description:

The book of Hebrews promises that there remains a rest for God's people. This course studies the covenants God made with mankind. These covenants are a significant part of the progressive revelation of His person and His intentions for us. We examine the revelation of "Rest" or "Sabbath" as it emerges in the unfolding revelation of each covenant. Students will find a rich, biblical understanding of the peace with God they enjoy through our Lord Jesus Christ and will be equipped to throw off the harassing arguments of legalism, condemnation and what Paul called the "*basic spiritual thinking of this world.*" Filled with truth and revelation, this very practically-applied course will answer theological questions and help you find rest.
