

## September Prayer Project

This month please join us in praying for our upcoming ministry at the Global Forum for the World Without Orphans in October. We are expecting 500-600 Christian leaders from across the world who care for orphans and vulnerable children.

World Without Orphans are a global initiative calling and equipping national leaders to collaborate in solving their own country's orphans and vulnerable children's crisis. We engage Christian leaders from every sphere of influence to end orphanhood and assure that children grow up in safe, stable, and nurturing families.

### 1. Roadmap

The forum is designed to leverage a "roadmap," which is a curated collection of the best practices and programs to combat violence against children in specific areas of prevention, rescue, re-unification, and the pursuit of spiritual life and emotional wholeness.

- Pray for acceptance and use of these collated best practices.
- Clarity in understanding what is working.

---

### 2. Global Collaboration Across Many Spheres of Influence

Many global church leaders are represented at the forum. Representative of the Catholic church, head of the World Evangelical alliance Bishop Efraim Tendero will be speaking, reverend Olav, Secretary General of World Council of Churches, Luis Bush from Transform World, Bishops from the Pentecostal alliance, and many other ministers from a broad theological and denominational spectrum. Additionally, business leaders, governmental officials, and people from the media are seeking to work together to end violence against children.

- Pray for unity and clarity among the various groups and spheres.
- Ask the Holy Spirit to show us how to collaborate with the work of unity He is doing.

---

### 3. Financial Assistance

Over 140 of the delegates coming to the forum are seeking financial assistance. The Forum costs need to be covered by outside sponsorships, foundations, and individuals.

- **Pray that their costs be covered by donations.**
  - **An ongoing budget to support regional leaders throughout the world also needs to be generated for the next three years.**
- 

## **4. Regional Groupings and Coordinators**

The remarkable growth of the World Without Orphans vision into countries all over the world is a testament to the fact that the Holy Spirit has set this on His agenda as a global issue.

In many regions, country initiatives sparked by WWO find it useful to come together for collaboration, mutual encouragement, and prayer. Our plan is to develop regional coordinators who can facilitate and encourage these meetings to engage with the specific problems of their region or countries.

- **Pray for these coordinators for wisdom, provision, and strength.**
  - **Wisdom from God is needed to counter many of the political, religious, poverty, and other obstacles contributing to violence against children.**
  - **Pray for a growing sense of the need for collaboration in regions.**
  - **Pray that the influence of WWO spread throughout the entire world.**
- 

Your prayers make a difference and are a form of partnership in this global movement which is a representation of the purest form of religion. It is the purest distillation of the heart of God.

James 1:27 Religion that God our Father accepts as pure and faultless is this: to look after orphans and widows in their distress and to keep oneself from being polluted by the world. Thanks on our behalf for the gracious favor granted us in answer to the prayers of many.
